"By far, this course is one of my favourite electives that I've taken, just because of how multidisciplinary and how supportive the environment is."

Fifth-year accounting student Yi-Fang Liu

Living Language: Science and Society
On offer Winter 1 2020

• Find out how language influences your field of study

• Learn how to apply this knowledge in the workplace

• Work with students from different disciplines on capstone projects

• Hear from language leaders at weekly guest lectures
